PHILOSOPHY IN PUBS

Philosophy In Pubs (PIPs) gives people the opportunity to get together to discuss philosophical issues. We meet in pubs, cafes and other community venues. Our discussions are informal and open to all. No academic or formal background is required – all you need is an enquiring mind.

Wednesday March 14th 2018 - PIPs comes to Headington!
Join us for the first Headington meeting at 7.15 pm at the White Hart, 12 St Andrew's Road, OX3 9DL. We'll be discussing: **'Is the Self a Useful or Necessary Idea?'**

Further monthly meetings are planned on the following subjects:

- 11 April 'The Philosopher's Glass'
- 9 May 'Mind and Body'

Please check the Meet-Up group for dates and further details: www.meetup.com/Philosophy-in-Pubs-Oxford

Every time we wonder about our lives and the world we live in, we are thinking philosophically. In general, people are natural philosophers. Discussing philosophical issues helps us to develop an open mind, increase our self-confidence and improve our well-being.
