My Planet Earth - Wildlife in My Neighbourhood

Children's Photography Competition

Our planet is amazing - even in a city like Oxford

The wonders of nature are all around us - in our gardens, our streets, in playgrounds, parks and woods. To celebrate cool planet Earth and the natural world, we're looking for young photographers to snap the wildlife of Headington this spring. From bugs to birds, wild plants and trees to creatures of all kinds, see what catches your eye and captures your imagination.

Your photo must be taken on a digital camera, mobile phone or tablet on the theme "My Planet Earth - Wildlife in My Neighbourhood".

Our judges' favourite pictures will be displayed at Headington Festival 2019 with some great prizes for the winners.

There are two age categories: **4 to 7 years** and **8 to 11 years**.

Competition rules and information can be found at:

www.scienceoxford.com/schoolsphotographycompetition

Send your entries to:

competition@scienceoxford.com by 20th May 2019.

Discover more about the new Science Oxford Centre that will

open in Headington in 2019 by going to **www.scienceoxford.com**
